

## Coming in 2018

CHADD will launch a new website.

We are excited to announce that CHADD is currently in the process of launching a new website to help bring improvements to

our members.

Our new website will be faster, easier to navigate and will bring a range of new developments, including a new design which will allow optimal viewing and browsing.

Affiliates had a chance to preview new website during the volunteer leadership training at the Annual Conference and found it to be easier to navigate.

Stay tuned...

---

## Parent to Parent Webinar Coming soon...
