NEWS from the Affiliate

Hello fellow Affiliate Coordinators:

During an Affiliate Development and Support (ADS) Committee a number of months ago, CHADD President Michael ("Mike") MacKay was asked by some Affiliate leaders to authorize me to write a Board of Directors meeting summary and share it with Affiliate Coordinators. The same request was made at the "Affiliate Advisory Board meeting with Affiliate Leaders" in Atlanta.

In response to this request, Mike and the other members of the Board agreed to this request provided that they got a chance to review it to share where they felt context needed to be added and got a chance to excise elements of a summary that they felt were confidential or were too sensitive to be shared in this manner.
