

## **Email Addresses**

You should never be using a business related email address or phone as the contact for CHADD communications from the general public. Because of the public's heightened awareness about associations and conflict of interest, we have seen complaints from both members and the general public.

All CHADD groups are provided with a chadd.net email address. Please use that address for all CHADD business. If you need information about how to access this email account, please contact [affiliate-services@chadd.org](mailto:affiliate-services@chadd.org) or 240-487-2314.
