Is There an Increase in ADHD?

Is there an actual increase in how many people have ADHD? A recent study shows the number of children diagnosed has gone up and researchers are wondering why.

Ask the Specialist: Managing Difficult Family Members During Vacations

Q: What do I do about critical family members this summer?

A: Plan ahead for how you want to cope with their unwanted advice and know you can also end the conversation if you need to do so.

ADHD 365 Podcast

Understanding the ABCs of ADHD Medications
Featuring Max Wiznitzer, MD

[Listen Now](#)

The decision to include medication in their child's ADHD treatment is difficult for many parents. There are popular accounts of people benefiting from medication, while there also are stories of serious risks associated with these medications. Many parents are left wondering what are the benefits and risks of taking ADHD medication? How do you know what's right for your child?

CHADD Professional Advisory Board co-chair **Max Wiznitzer, MD**, breaks down the choices available and discusses what you need to know when making this important decision.

The logo for "ADHD in the News" features a stylized orange flower-like icon to the left of the text. "ADHD" is in a bold, blue, sans-serif font, while "in the News" is in a blue, cursive script font.
