

DOES YOUR TEEN HAVE ADHD? DO YOU HAVE CONCERNS ABOUT YOUR TEEN'S EATING?

Virginia Tech's Department of Psychology is inviting teens ages 13-19 years and their families to participate in a research study focused on better understanding disinhibited eating behaviors in adolescents with ADHD.

*This study has been approved by
the Virginia Tech Institutional
Review Board (IRB-24-465)*

WHO?

Teens with ADHD ages 13-19
and their parent/caregiver

WHAT?

- Parent and teen each complete one online survey after completing consent (~0.5 hours each)
- Teens complete 3 brief daily ratings for a 2-week period
- Compensation up to \$45 in Amazon gift cards and based on completion of the global (\$10 – parent, \$10 – teen) and daily ratings (up to \$25)

INTERESTED IN PARTICIPATING?
