EMOTIONAL & EXECUTIVE FUNCTIONS IN WOMEN WITH & WITHOUT ADHD

ATTENTION WOMEN!

TAKE THIS ONLINE SURVEY
IN COMPUTER* BROWSER:

bit.ly/adhd2026

Who?

- Women ages 18-40!

Why?

- ADHD research focuses mainly on men, making women the “silent minority”
- YOU can help change that, and gain insight into your emotional & executive functions!

What?

- This behavioral research examines emotional & executive functioning in women with & without ADHD.
- We seek to improve understanding of how ADHD affects women's daily functioning & well-being.

How long?

- 30 - 45 minutes
- Can take breaks!

Make a DIFFERENCE for women with ADHD!
